Nice car.:)

Fits well to the LM55 cars.

What's the progress on your project with the Cunningham C4R?

C4R 1952 -> 90% (to do: skin, bik, icon tga, gauge tuning)

I'm starting the C4RK's 3D.First step: "Need for speed 3" level of detail. 30 mn.

Hi Butch,

its very interesting to see the progress from level to level of details. And you are working so fast - wow.

Fine B)

rdjango

P.S. I think you know this little gallery

Nice work, Butch!

Good to see you are still on it, anyways!

Small suggestion: maybe have the white cars less white? Maybe RGB EEECD E or something?
