hi there

first post and first Woaw :woohoo:  
great site as you got men  
very pleasant :silly:

first asking

I would like someone convert the Paris circuit for GTL  
this track exist for NR2003 and nobody convert it for the simbin game

so if someone would be intrested by the charge  
contact Dr John for authorisation ans files  
Here is the response I received:

From: "Circuit add-ons" <circuits.addons@tiscali.fr> Add to Address Book Add Mobile Alert  
To: "Dennis Johnson" <dock46@yahoo.com>  
Subject: Re: Paris Street Course  
Date: Wed, 5 Apr 2006 21:16:04 +0200

I contacted my brother, it agrees for the conversion of the track towards GT legend. It has two conditions which are name appears in read-me and which conversion is free(not for commercial distribution).

Sylvain.

If you can do the converson, there's the permission.

Dock

I got also the track for NR2003 and I ask for an authorisation there some days ago  
but i still without answer

so! please answer to this demand :blush: :kiss:

I need this track :S

...never did a NR2003 conversion before, but I'm a curious guy, so I'll try if I find some time for it...

cheers,  
Uwe
