Hi fungooh,

have a look here in our special for force feed back:

[http://www.altbierbude.de/component/option,com\\_fireboard/Itemid,99/func,view/id,20789/catid,3/lang,de/](http://www.altbierbude.de/component/option,com_fireboard/Itemid,99/func,view/id,20789/catid,3/lang,de/)

It is in german language, but there are plenty of FFB examples for the logitech wheels.

Please use a translator for the single threads and raise your questions here.

Regards,

diki
