The Lord of the Rings II (the 2 "Capris")

After yesterday's race I see people with a thirst for controllable power. It could return one of the best events I have seen in altbierbude.

Power, must select different cars, lot of fast fights (but less risk than F1), ... All benefits :woohoo:

Great idea! I love these old DRM and Group 5 cars. I'm in too. Perhaps with the original tracks? That would be awesome!
