Hello,

who wants to have the correct national flag in front of his name in the evaluations, please post your driver name and country here.

Would be interesting at all, from which countries you come.

Most of our members come from Europe.
As this is a German community, most of them come from Germany.
Our Spanish-speaking guys are well represented.
However, the nationalities are spread all over the world. Dutch, English, American, Turkish, Argentinian,
