
The new and amazing Nordschleife 1967

Geschrieben von Duleto - 20.02.2021 00:21

Hello guys!

Some of you know that this days a team of great gentlemen release their new version of the amazing and legendary Nordschleife 1967.

Credits goes to all of the guys working on the project and so far i found the following names:

- MichaW
- Uwe
- scratch build by -XK-
- GTL version by derDumeklemmer
- the Bierbuden.de team

Apologies if i am missing someone, please feel free to post your name. :)

And now - here is one hot lap at the new version of the track we all love with my precious Porsche 911 RSR 3.0 from GTR 2's Power and Glory 3.2 Mod:
