Aw: Who would still like to drive ETCC

hello all

i so wanted to race in the ETCC but gosh darn it, i have to work during those times that it is posted. If these ETCC races were held on Saturday, i would be all over this, maybe even make my own team but Sunday is the norm and i cannot change that. Been trying to change my work on Sunday but my boss keeps giving me the sad story of having me work on Sundays.

I am not saying i cannot drive on Sundays. i can drive but its like this. i drive ETCC for what 3-4 hrs in the day time and then right after the race , i go to work and put in a 14-16hr shift mostly at night. (i drive tractor trailer or lorries as you guys call it)

i have ran a whole season of ETCC once before (ETCC 4-5 if i remember) but it just kill me as i describe above. i was bascially up for 24hrs. racing with professional drivers in the day time then having to go deal with idiot drivers at night will worn you right out.

What i can do is be an emergency driver or spare driver for any team that needs one cause there is some Sundays i have off. If i'm not mistaken, there will be some Thursday runs. That no good for me for Thursday i am coming home from work and get home about 1hr after the Thursday race have begun.

This is what i can offer for now but the next 2 months will be busy for me.
I will be moving from this place i am in now.

So with this in mind, if any team needs me, contact me and i will let you know if i can be available. prefer you contact me 1 day before the race so i can properly prepare for the race and for work.

i am mostly an english driver, i drive without chat on cause its mostly a distraction for me and i hate typing. i can drive with TS.

any questions or concerns, please get in touch
