Big thanks you to Alvaro, Fin and everyone for the amazing competition they provided.

Alvaro had a slow car but had a chance until the very end. I had to fight for that title.

I will remember the amazing chase with Fin too at Fuji. Where he was gaining around 1.5 seconds every lap in the final 10 laps and we finish in just 0.5 seconds.

Long live 60s cup! One of the best tourneys here.
