Hi Rain m8,

I checked this out and I agree that Alagonie's time is far too fast.

This sort of thing can happen if you just get a lap and the track changes, sometimes that time carries on to the next track! I saw it happen to R.Kosters on Oschersleben... the poor guy was very embarrassed but we all had a good laugh.

The Admin will hopefully delete Alagonies time.

Cheers,

Gee-Deeman
