
Wrong tachometer and speedometer in online mode ?!

Geschrieben von Ilisox - 20.05.2012 00:59

Hello,
I notice that for some cars (porsche 906, bertone GTA Junior, ...) there is a problem of display. The gauges don't look as in single player. Needle are too short or not displayed and graduations are yellow and white?!

Is the problem known ?

Thanks

Julien
