
GTL & Steam?

Geschrieben von Arnaldo Junior - 03.12.2012 01:51

The AutoUpdater is functioning normally in the GTL Steam? Someone is already using this version with mods
Altibierbude?!:huh:

Aw: GTL & Steam?

Geschrieben von KaiDasEi - 03.12.2012 10:26

I think it's working. There was a thread already three or four days ago where this got tested and confirmed :)

EDIT:

Yes it's working!

If u can understand german, you can read this posting for more information :)
