
Pluginz \'the one armed bandit\'

Just in case you are not aware, if Pluginz beats you he is doing it with one hand only! So if you do get beat:S , feel ashamed:blush: (I am bohoo):S . You have been warned ! He sent me a video of him driving with one hand & smoking a ciggy & drinking coffee while doing it, all with one hand!:ohmy:

He Cut his right hand so badly he severed the tendons and a blood vessel. He sent me pictures of the bloody hand, fortunately with a bandage on or I would have chuckled all over the wife!:sick:

He is getting physiotherapy to make sure he gets full use of his fingers again and I need Psychotherapy because he keeps beating me:angry: , huh hand to hand combat would be a different matter while he is like that! he he:lol: .

As you can imagine, he is feeling quite down as he cannot do much (bet that scratchin' his right bum cheek ain't easy:whistle:) and all in all will take around 12 weeks for him to recover.

Would be nice if one or two of his GTL m8s could send him a message through the Bude.

All the best Plug if you read this chum. (now what can I do about his good arm:evil:)

IÂ´m sure, he would be faster than me (and others,hehe), if he drove only with his legs. :laugh:

Hope, he will recover soon. :cheer:
Wish you all the best, Plug.

Greetings

Just heard of this from the Man himself----Pluginz----as he toasted my butt in a Mini Mercedes duel at Interlagos.:blink:

Wish you a full recovery Plugs----your tendons may tend to be tender for a while.

When I was young I was blind for 10 days B) after a double eye operation--can't imagine driving the Bude like THAT----lol--although some might think this explains my erratic driving habits---you guys thinking that DRAGONS DO IT IN THE DARK be quiet now---we do it whenever we are permitted--ROFL:evil: :woohoo:

Take care Bro-----Bill
