Hi PoRRacer,

I did send you a PM, please check your Inbox. ;-)

The problem is not in my account, a friend (fabiancoupe@hotmail.com) has bought GT Legends, he has registered on the website of albiertbude.de but in the reply email says he needs confirmation from an administrator. After validating your email you can not login until an administrator confirms your login. Thank you very much Norbert. Excuse me for not being able to explain myself better.

Hi ,

please try again

it should work now

GruÃŸ Andi
