Limited time offer has ended at 19.00 CET.

Hi,

DIRT 3 Complete Edition is available completely free today on Humble Store for their (even new) clients. Does not require any previous or future purchase nor any other purchase now. Should you already own the game you may instead choose to get a link to send and gift it to your friend at later time. Activating the game requires Steam.

Humble Store has frequent game bundles on sale as well as individual discounts and days or weeks long seasonal sales (even currently). It also always gives a sum of your purchase to charity. I often buy games there and consider it to be a reliable marketplace.

Short description about DIRT 3 Complete Edition:

"In DiRT 3 Complete Edition, you'll race iconic cars representing 50 years of off-road motorsport across three continents - from the forests of Michigan to the infamous roads of Finland and the national parks of Kenya. You'll also express yourself in the stunning Gymkhana mode, inspired by Ken Block's incredible freestyle driving event, and take on other modes including Rallycross, Trailblazer and Landrush. Powered by Codemasters' award-winning EGO Engine, DiRT 3 Complete Edition features Flashback to rewind time, genre-leading damage and you can take on all game modes in split-screen and competitive online multiplayer."

Consider getting it unless you already own it.

Cheers,
