## cant download anything

Posted by simdrive137 - 2021/05/09 23:43

---

Hi sorry for the noob problem, but I cant download anything from this site, I've tried everything including changing my explorer from google chrome to fire fox and microsoft edge no difference it just brings up a (about blank) page which i don't understand, I've tried to find any info on the problem online and in this forum but i cant, could anyone please help also I had talk protection on but have switched it off tried downloading from racedepartment and it worked fine so strange I had a account on here years ago which worked fine thanks happy racing

Hiho,

Should be safe for your PC. It has also worked for 1.5 decades without any problems.

GlÃ¼ck auf!

Tach zusammen,

Der komplette Download der Website ist nun auf https umgestellt, berichtet doch bitte einmal Euere Erfahrungen...

VLG  
Uwe

----

Hi Mates,

all website downloads have been moved from ftp to https now.  
Pls. share your experiences with us!

cheers,  
Uwe

Hi, i can't download through autoupdater. There are no seeders.

EDIT: After few minutes started to download, sorry.

---

Hallo.

Bei mir lÃ¤uft der Updater nur noch auf max 10kb/s.

Wo kann ich ansetzen, damit es wieder normal lÃ¤uft?  
Habs schon mit ausgeschaltetem Avast versucht.

Win10 pro  
Fritzbox 7490  
Firefox  
Avast

Moin,

sollte wieder laufen, p2p war mal wieder down...

Glück auf!
